

SURVEYING (SUR)

SUR 119 # - Construction Surveying

Units: 3

The objectives of the course are to introduce the principles and methods associated with basic surveying for construction projects and layout purposes. Training to develop proper field note-taking procedures and the use of surveying field equipment is emphasized in labs (tape, level and transit).

Transferability: May not transfer towards an NSHE bachelor's degree

Enrollment Requirements: Prerequisite: MATH 108

SUR 161 # - Elementary Surveying

Units: 4

A basic course designed to impart basic knowledge of the surveying discipline, plus training in the use of traditional and basic surveying equipment (tape, level and transit).

Enrollment Requirements: Prerequisite: MATH 126 or instructor's approval.

Term Offered: Spring and Fall
