

ASSOCIATE OF ARTS - BUSINESS EMPHASIS

The Associate of Arts degree with an emphasis in business is designed for students who are interested in graduating from TMCC and pursuing a bachelor's degree in business at a four-year accredited institution. This degree is the result of a cooperative effort with NSHE to allow students to freely transfer more business units than previously offered through the Associate of Applied Science degree. Since this emphasis is part of a 2+2 program, students receiving this degree will be eligible for transfer to upper division status in UNR's College of Business. Within the program, students will explore a wide variety of opportunities in various business fields. The solid background in economics, statistics, and accounting is designed to provide skills required to pursue advanced degrees in any business major. In addition to the completion of the AA business emphasis, students must also have a minimum overall grade point average of 2.0 to be admitted directly into a major in UNR's College of Business.

Emphasis Outcomes

Students completing the emphasis will:

- Obtain the required knowledge and familiarity with the range of business disciplines including accounting, economics, statistics, and marketing.
- Demonstrate understanding of and competency in applied skills, analytical skills, and interpersonal/group relation skills as they contribute to business professional skills.

AA/AS degrees are designed for students who plan to transfer to a four-year college or university.

To earn an AA/AS degree, students must:

1. Maintain a minimum cumulative GPA of 2.0 (see requirements for graduation.)
2. Complete a minimum of 15 units within the college.
3. Satisfy General Education requirements for the AA/AS (<http://catalog.tmcc.edu/degrees-certificates/general-education/aa-as>).
4. Have no financial or library obligation to the college.
