

# SPANISH, AA

The Associate of Arts, Spanish emphasizes the study of the Spanish language structures and cultural topics with a focus on the development of communicative proficiency in listening, speaking, reading and writing. A cultural-comparative approach will be drawn throughout the program, focusing on history and literature from Spain and Hispanic Latin American countries. The Spanish degree allows the TMCC Humanities department to serve those students seeking transfer into a baccalaureate program.

## Outcomes

Students completing the degree will:

- Read, understand, interpret and communicate spoken and/or written Spanish.
- Identify values and cultural mores associated with Hispanic Iberian and Latin American cultures.
- Explain and analyze the major historical challenges of Spain and Hispanic Latin American countries and appraise their popular cultures and literature.
