

ANTH - ANTHROPOLOGY

ANTH 101 - Introduction to Cultural Anthropology **Units: 3**

Analysis of the nature of culture, its universal aspects and range of variations revealed by human history and world ethnography. Satisfies UNR Social Science core curriculum.

Term Offered: Spring and Fall

ANTH 102 - Introduction to Biological Anthropology **Units: 3**

Biological and evolutionary origins of humans, with consideration of population genetics, living primates, fossil records and human variation. Includes eight laboratory experiences. Satisfies UNR science core curriculum.

Enrollment Requirements: Co-requisite: ANTH 110L.

Term Offered: Spring and Fall

ANTH 105 - Introduction to World Archaeology **Units: 3**

This course traces the evolution of human societies worldwide through examining the major changes in human technology, economy, social structure, politics and ideology over the last 2.5 million years. The course also covers basic archaeological methods and theory, and examines important discoveries made by archaeologists in the last century. The goal of the course is to increase students' general understanding of the way humans have modified their behavior over the course of their biological and cultural evolution and to explore the ways key inventions altered the course of this development.

Term Offered: All Semesters

ANTH 106 - Introduction to Anthropological Linguistics **Units: 3**

This introductory course is designed to teach the basic concepts and methods of linguistic anthropology. Topics include language change, variation, acquisition, socialization, world view and how language is used to create and recognize differences along the lines of age, gender, race/ethnicity, class, and sexual preference.

ANTH 110L - Biological Anthropology Laboratory **Units: 1**

Practical experience in aspects of physical anthropology: the mechanisms of inheritance, osteology and forensic science, comparative anatomy and human evolution, the processes of human growth and aging, and aspects of modern human variability. Includes eight laboratory experiences. Satisfies UNR and UNLV core requirements for a laboratory science course.

Enrollment Requirements: Corequisite: ANTH 102.

Term Offered: Spring and Fall

ANTH 198 - Selected Topics **Units: 0.5-6**

Various short courses and experimental classes covering a variety of subjects. The course will be a variable of one-half to six credits depending on the course content and number of hours required. The course may be repeated for up to six credits.

Term Offered: AS NEEDED

ANTH 201 - Peoples and Cultures of the World **Units: 3**

Comparative survey of selected societies from throughout the world. Emphasis on the impact of global developments on traditional societies. Satisfies UNR social science or diversity core curriculum.

Term Offered: Spring and Fall

ANTH 202 - Archaeology **Units: 3**

An examination of the research goals, theoretical foundations and methods of anthropological archaeology. Examples are drawn from notable archaeological sites worldwide.

Term Offered: Spring and Fall

ANTH 205 - Race and Ethnicity in Everyday Life **Units: 3**

An interdisciplinary survey of race and ethnicity, examining identity, cultural diversity, intergroup relations, and public policies from sociological and anthropological perspectives. Same as SOC 205.

Term Offered: Spring and Fall

ANTH 208 - Fundamentals of Cultural Diversity **Units: 3**

This course explores the role of culture in structuring the individual's self-identity, learning styles and sense of reality. The range of diversity in human socio-cultural institutions will be examined in terms of the role of prejudice, stereotyping and compatibility in education, the workplace and other environments. An emphasis will be placed on providing the skills necessary to work and live together regardless of ethnic, religious, race, gender, age and other cultural affiliations.

Term Offered: Spring and Fall

ANTH 225 - Archaeological Field Methods: Survey **Units: 1-6**

This course provides the student with introductory training in basic archaeological field survey techniques.

Enrollment Requirements: Prerequisite: ANTH 202 or permission of instructor.

Term Offered: AS NEEDED

ANTH 226 - Archaeological Field Methods: Excavation **Units: 1-6**

This course provides the student with introductory training in basic archaeological field excavation techniques.

Enrollment Requirements: Prerequisite: ANTH 202 or permission of instructor.

Term Offered: AS NEEDED

ANTH 227 - Foundations of Archaeological Lab Methods **Units: 1-6**

Basic hands-on introduction to archaeological lab methods which may include some or all of the following: inventory, processing, cataloging artifacts and preparing them for analysis and curation.

Enrollment Requirements: Prerequisite: ANTH 202 or permission of instructor.

Term Offered: AS NEEDED

ANTH 290 - Internship in Anthropology **Units: 1-3**

Supervised Para-professional work experience in one or more areas of anthropology under guidance of a professional anthropologist or related professional. Student will apply knowledge and skills to real on-the-job situations designed by a faculty advisor and an official from a public agency, academic institution or business.

Enrollment Requirements: Prerequisite: Student must have 30 credits of completed coursework prior to enrollment in ANTH 290. Student must have a minimum GPA of 2.5. Student must have permission of faculty member and internship coordinator.

Term Offered: AS NEEDED
