

ENVIRONMENTAL SCIENCE (ENV)

ENV 101 - Introduction to Environmental Science **Units: 3**

This course explores the fundamental components and interactions of earth's natural systems, the relationships between humans and environment, and solutions to current and potential environmental problems.

Term Offered: Spring and Fall

ENV 198 - Special Topics in Environment **Units: 0.5-6**

Covers selected topics of interest to students in environmental science.

May be repeated for up to 6 credits.

Term Offered: AS NEEDED

ENV 290 - Internship in Environmental Studies **Units: 1-8**

A course designed wherein students will apply knowledge to real on-the-job situations in a program designed by a company official and a faculty advisor to maximize learning experiences. Department review of student's activities and development on the job required.

Term Offered: AS NEEDED

ENV 299 - Special Topics in Environmental Science **Units: 0.5-3**

Consideration of selected current problems and conceptual issues in environment. Issues selected will depend upon current interest of staff and students. No prerequisite.

Term Offered: AS NEEDED
