

AAS, CULINARY ARTS ENTREPRENEURS

Program Description

The Associate of Applied Science, Culinary Arts Entrepreneurs will provide graduates with the necessary business skills to open their own business and/or work in a management capacity at a food-related small business. Individuals will learn the skill sets necessary to work in and operate culinary facilities. They will learn aspects related to business, people, and culinary which will allow them to achieve success in a wide range of different food operations.

1

See the diversity section of the general education descriptions for a complete list of courses. Can also be used to satisfy another General Education, Degree/Emphasis, or Elective requirement.

Students completing the degree will:

- Demonstrate basic and advanced culinary skills through a series of learned competencies including but not limited to knife care, cutting techniques, stock preparation, complete meal planning, and restaurant experience.
- Demonstrate the knowledge to work in commercial hot food kitchens, commercial cold food kitchens, and commercial bakery kitchens.
- Students will create a business plan, including the creation, development and presentation of innovative ideas.
