

DIESEL GENERAL SERVICE TECHNICIAN, COA

Program Code: Diesel Gen Svc Technician-CoA

Program Description

The Certificate of Achievement, Diesel General Service Technician is a one and a half year, three-semester training program designed to prepare the student to enter the medium and heavy duty transportation industry with the skills to be a successful mechanic/technician. This certificate emphasizes principles of operation along with diagnostic and repair procedures. All general service training may be applied toward other diesel degree programs and also prepares students for ASE T-series of exams to become nationally certified.
