

CERTIFICATE OF ACHIEVEMENT, HEATING, VENTILATION, AIR CONDITIONING/ REFRIGERATION (HVAC/R)

Program Description

The Certificate of Achievement, Heating, Ventilation, Air Conditioning/ Refrigeration prepares students to install, maintain, service, troubleshoot, and repair critical systems such as in data process centers and hospitals. The program enables students to learn how to maintain, troubleshoot, and repair HVAC equipment for equipment cooling and other related machinery. Instruction includes classroom, laboratory, and hands-on work in the laboratory or in the field. Along with core classes, academic skills emphasizing related math, science, and human relations components are stressed to help students prepare to meet challenges commonly found in the workplace.
