

LOGISTICS MANAGEMENT, AAS

Program Code: Logistics Management- AAS

This program can be completed 100%
online.

Program Description

The Associate of Applied Science, Logistics Management will provide the student with a degree in the field of logistics management. The program is well suited to the student seeking to obtain a career at the entry level of logistics management. Students will graduate with a core set of knowledge and skills that will allow them to advance in the logistics industry. Successful completion of this degree constitutes completion of the first 60 credits towards the Bachelor of Applied Science, Logistics Management degree.
