

CERTIFICATE OF ACHIEVEMENT, HEALTH SCIENCES

The Health Sciences, Certificate of Achievement prepares students for entry-level employment in allied health and fulfills many prerequisite requirements for accredited health sciences training programs. Students completing this certificate may gain an advantage in the competitive selection process of health sciences programs. This program is not yet eligible for financial aid and has been submitted to the U.S. Department of Education for approval. It is, however, eligible for any scholarships a student might receive.

Outcomes

- Apply the scientific method, describe cell and tissue structure, and describe skeletal, muscular, digestive and lymphatic systems and their interrelationships.
- Identify the components of the circulatory, nervous, integumentary, respiratory, endocrine, urinary, reproductive and immune systems and describe their interrelationships

Certificates of Achievement are a set of courses that can serve as a stepping stone to an associate degree or allow students to enter the workforce. Certificates of Achievement have a general education component.

To earn a Certificate of Achievement, students must:

1. Maintain a minimum cumulative GPA of 2.0 (see requirements for graduation.)
2. Complete a minimum of 15 semester credit hours within the college.
3. Satisfy General Education requirements for the AAS (<http://catalog.tmcc.edu/degrees-certificates/general-education/aas/>).
4. Have no financial or library obligation to the college.
