

SOCIAL WORK, AA

Program Code: Social Work-AA

This program can be completed 100% online.

Program Description

The Associate of Arts, Social Work degree is designed for students seeking careers in social work or related fields. The degree requirements include a well-balanced general education curriculum. Program specific curriculum provides students with major concepts, theoretical perspectives, and an overview of modern practice in social work. In addition, students will be introduced to social work research, human development, and social welfare history. This course of study is designed as a university transfer program that substantially meets the requirements for the first two years of study for the B.S.W at UNR. In addition, students have the possibility to begin work on a minor in addiction treatment services at UNR. Students wishing to transfer to any other baccalaureate program should work closely with advisors at TMCC and the institution of transfer to obtain recommended courses for transfer.
